

PUBLIC NOTICE
PRELIMINARY DETERMINATION REGARDING APPROVAL OF
AN AIR PERMIT APPLICATION

The North Carolina Department of Environmental Quality, Division of Air Quality hereby gives notice that the following facility has applied for a permit to construct and operate a fired-refined copper facility using secondary metals as a raw material to cast into anodes at the following location.

AMES Copper Group - Shelby
135 Old Boiling Springs Road
Shelby, NC 28152
Cleveland County

This facility's application for the proposed facility was reviewed by the DAQ to determine compliance with the requirements of the North Carolina Environmental Management Commission air pollution regulations. This notice serves as a notice of opportunity for public comment for this proposal. The public comment period begins on November 2, 2020 and run through December 2, 2020.

A copy of all data and the application submitted by AMES Copper Group - Shelby and other material used by the DAQ in making this preliminary determination are available for public inspection on the NCDEQ/DAQ website or during normal business hours at the following locations:

NC DEQ		Mooresville Regional Office
Division of Air Quality	or	610 East Center Avenue, Suite 301
Air Permits Section		Mooresville, NC 28115
217 West Jones Street, Suite 4000		
Raleigh, NC 27603		

Information on the permit application and the staff review are available by writing or calling.

Richard Simpson
1641 Mail Service Center
N.C. Division of Air Quality
Raleigh, NC 27699-1641
919-707-8476

Interested persons are invited to review these materials and make comments to the address indicated above. Comments must be postmarked no later than December 2, 2020. Written comments may also be submitted during the public comment period via email at the following address:

daq.publiccomments@ncdenr.gov
Please type "AMES.20A" in the subject line.

After weighing relevant comments received and other available information on the project, the DAQ will act on the AMES Copper Group - Shelby application.

William D. Willets, P.E.
Chief, Permitting Section, NCDEQ
